### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Besha on 4/20/2005.

The application has been amended as follows: Claims 1-3 are canceled.

Claim 10 has been amended as follows: on l. 5 of the claim "an annular flange" has been changed to -- annular flanges --.

To make the record clear, the hand-written amendments of claim 10 ("flanges" on pp. 14 and 15) and claim 11 ("outer wall") that were made by the applicant are part of the claims as allowed.

### ***Allowable Subject Matter***

2. Claims 4-13 are allowed.

3. The following is an examiner's statement of reasons for allowance: for claim 4, prior art does not teach in combination with its other limitations the weld as claimed in its last paragraph; for claim 10, prior art does not teach in combination with its other limitations the forming of the holes through the venturi flanges using the holes formed through the liner sleeve as guides, as claimed in subparagraph (c). Claims 1-3 were canceled in view of Applicant's own admission of prior art, p. 7, l. 2 et seq., see also Garrido 6965892, l. 26 for a similar teaching.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Farmer 6651437, Borkowicz 5575146, Fig. 2.
